

Student Progress by Assignment Type Report Quick Reference

The Student Progress by Assignment Type Report Builder report is for classes using the Custom Setup 2 grading scale that use a point mark type and have a default assessment selected. The report displays the students' overall class averages, averages by assignment type with total points earned out total points possible, as well as period attendance for individual and multiple classes in individual or multiple reporting periods. If you are trying to run the Student Progress by Assignment Type report on a class using traditional grading, please use the Student Progress by Assignment Type report in the Classic Report list.

The screenshot shows the 'ProgressBook Report Viewer' interface. At the top, there is a banner with a red apple icon, a help icon, and a close icon. Below the banner is a toolbar with buttons for 'Hide Setup', 'Save Setup As...', and 'View Report'. The 'Report Name' is set to 'Student Progress By Assignment Type'. The main area is divided into several sections: 'Update Report Headers' with a 'Report Header' field containing 'Student Progress by Assignment Type'; 'Select Required Parameters' with dropdowns for 'Class: Math - Gr 02: 4' and 'Periods: Q1'; 'Set Optional Filters' with a table for filtering; and 'Add & Remove Columns' which currently shows 'No columns are available to add or remove.' A 'View Report' button is located at the bottom right.

Enter a word or phrase in the Search field, then click Find.

Select the desired file format in the list, then click Export. You can print the report, if desired, from the software application to which you have exported.

To print the report, if using Internet Explorer, make sure to install the SQL Server Reporting Services 2008 ActiveX control if prompted.

The screenshot shows the 'Student Progress by Assignment Type' report for 'Math - Gr 02 : 4' in the '1ST QUARTER'. The report includes a table with columns for Student Name, Period (Tardy, Absent), Class Avg, Homework (Mark, Points), and Quiz (Mark, Points). The toolbar at the top shows 'Show Setup', 'Save Setup As...', and 'View Report'. Below the toolbar, there is a search field with 'Find | Next' and an 'Export' button with a dropdown menu for file formats. The report data is as follows:
